

ASIST

Come and learn how to HELP.

This is for all service providers, tribal departments, schools and community members. Please share, post and forward our information to those who may not have computer access.

ASIST (Applied Suicide Intervention Skills Training)

ASIST trainings are taught through lecture, group and interactive role playing settings.

Participants will learn how to: Recognize warning signs, Engage help and talk to someone thinking about suicide. Keep others safe and seek further assistance by utilizing appropriate community resources.
