The proposed I-10/Koli Road Traffic Interchange would be located on I-10 between the existing Wild Horse Pass Boulevard and State Route 347/Queen Creek Road traffic interchanges.

The study area limits extend approximately a half mile from each side of the I-10 center line to Maricopa Road and approximately three-quarters of a mile north of milepost 163 and 1.8 miles south of milepost 163 along I-10. The project is located in Maricopa County and entirely within the Gila River Indian Community.
